

A Walk in the Woods.

Photo By: BILL M. WARD

After the Civilian Conservation Corps Worker Statue dedication, we would like to invite you to join us for a guided walk on the path through Dan Dipert's tree farm in recognition of National Walk in the Woods Day.

2011 was designated the National year of Forests by the United Nations General Assembly to promote a broader understanding of the importance of forests, and to bolster global efforts to promote sustainable forest management and conservation.

The American Tree Farm system is helping raise awareness of the value and public benefits of America's private forests as part of this exciting year-long program.
